## Shelby County Amateur Radio Emergency Services Net Procedures

(S.C.A.R.E.S.) - Every Sunday evening at 7 PM. On 146.835 - shift

***(Net Control Operator)***

***Tone in 835 to set of pagers. Make announcement of the net ready to start.***

***Tone in 8352 to disable the digital and listen for the courtesy tone N (Dah dit)***

Good evening, this is the time and the frequency for the Shelby County Amateur Radio Emergency Services Net. This net meets every Sunday evening at 7 PM on the frequency of 146.835. This net meets for the purposes of handling traffic and testing equipment, plus training for working within a controlled net. This is a controlled net. Stations wishing to break the net, please use your call sign. Net control is (Name), (Call), located in (Location). Please check in with your call phonetically, give your name and location, whether you have any traffic, plus if you are on commercial or emergency power. As a reminder, if you are using a Yaesu Fusion radio, please be sure you are transmitting only in the FM mode.

First off, is there any emergency or priority traffic? Please call (Call Sign) (Pause)

***(If there is traffic, ask if anyone will take the traffic. If it is Emergency or Priority traffic, the traffic needs to be taken immediately).***

We will now take check-ins from low power or handheld stations. Please call (Call Sign)

(Pause) ----- (acknowledge stations that check in)

We will now take check-ins from Mobile stations. Please call (Call Sign)

(Pause) ----- (acknowledge stations that check in)

We will now take check-ins from all stations, fixed or otherwise. Please call (Call Sign) (Pause)

Are there any announcements or further comments for the good of the net? If so, please call now. (Pause for comments, queries).

(Acknowledge everyone that had comments or questions.)

(Make any announcements or reminders.)

This will be the last call for any check-ins, comments or queries. Please call now. (Pause)

Thanks to all stations that checked in. We had (#) check-ins, counting myself. This concludes this session of the Shelby County Amateur Radio Emergency Services Net. Everyone have a great evening, and we hope to hear you all back here next Sunday evening. This is (Call) returning the frequency to normal amateur use.

Please stand by while I return the repeater back to the Automatic Mode Select

***Tone in 8350 to enable the digital (C4FM) Listen for Courtesy tone M (Dah dah)***
